

ATTENDANCE POLICY		
UPPER SANDY CREEK PRIMARY SCHOOL		
Policy Implementation Date: 2020	Policy review date: 2023	Responsible for review: School Council

Rationale:

- The *Education Act* requires that children of school age (six to sixteen years) resident in Victoria are required to be in full-time attendance at a government or registered non-government school unless they are receiving approved home tuition, correspondence education, or have been granted an exemption by the Regional Director.

Aims:

- To maximise student learning opportunities and performance by ensuring that children required to attend school do so regularly, and without unnecessary or frivolous absences.

Implementation:

- Education is a sequential process. Absences often mean students miss important stages in the development of topics, causing them to find ‘catching up’ difficult.
- Absenteeism contributes significantly to student failure at school.
- All enrolled students are required to attend school unless reasonable and valid grounds exist for them to be absent.
- Illness is reasonable grounds for an absence.
- Parents have a responsibility to ensure that their children attend school regularly, and are only absent if ill or if absolutely necessary.
- The schools uses UeducateUS app for parents to monitor and report attendance.
- Where possible, parents must use the app to notify of absence before 9.00am.
- Parents have a further responsibility to provide an to the school explaining why an absence has occurred using the UeducateUs app.
- Parents can send a text message which will be a record of absence on the day or prior to the student being absent.
- The principal has a responsibility to ensure that attendance records are maintained and monitored at school.
- All student absences are recorded in both the morning and the afternoon by teachers, are aggregated on our CASES database and communicated to the Department of Education.
- The Department of Education and enrolment auditors may seek student attendance records.
- The principal has a further responsibility to ensure that unexplained absences are investigated, and that high levels of absenteeism are adequately explained. (See Form 2 below).
- The principal will ensure parents of students with high levels of unexplained or unapproved absences are contacted, with the view to developing and implementing strategies to minimise absences.
- Ongoing unexplained absences, or lack of cooperation regarding student attendance will result in a formal attendance conference being organised. Unresolved attendance issues may be reported by the principal to the Department of Human Services.
- Posters encouraging school attendance will feature prominently, as well as newsletter articles.
- Student attendance and absence figures will appear on student half year and end of year reports.
- Aggregated student attendance data is reported to the Department of Education and the wider community each year as part of the annual report.

Evaluation: This policy will be reviewed as part of the school’s three-year review cycle.
