

USC NEWS

COME AS YOU ARE, LEAVE US GREAT!

It has been a very busy last few weeks as we gear up for the term break. The toilet block is only a few days away from being operational as we now wait for it to be signed off for use by the council.

Our movie night was a great hit with the students enjoying the extra time back at school with their peers. A big thanks to Katherine and Ash who helped out on the night with all the food preparation and clean up. The event raised \$110 which will be donated to the Royal Childrens Hospital.

NAIDOC day at Bethanga was a fantastic event. The students enjoyed a range of activities on the day celebrating and recognising the history and culture of Indigenous peoples. Thanks to Amy, our MARC van teacher for organising such a wonderful day for our students.

A few weeks ago, the year 5 students, Seb, Jesse and Ryder organised and cooked a BBQ for students and staff

at school. They did this to raise money for our local CFA. It was very well received and the boys and I were pleasantly surprised by the support from students. They have raised \$120 and are planning another next term on Thursday the 18th of July. Well done boys.

Year 6 students we lucky to participate in some Science sessions at Tallangatta Secondary College with students from the Shire. Without doubt the favourite activity for the students was testing the spaghetti and marshmallow constructions on the earthquake simulator. Lets just say our students wont be winning any design awards in the future!

Last day this Friday, 2.30pm finish, casual clothes, gold coin and a plate to share for morning tea. Thanks everyone for a great term.

NEWS FROM THE CLASS

Year 5/6—Mr Shaw

We've had an excellent end to term with students being attentive and motivated.

In reading we've finished our class book, 'The Last Bear'. We learnt a lot about polar bears and living in the arctic. Next term we've got another text that the students selected earlier in the year.

In Maths, we've continued our work on subtraction and I have been impressed with the growth in skills and knowledge students have shown. They've also been particularly excellent at completing their homework and handing it in on time (every Tuesday). The purpose of the homework is to build positive revision habits for future years as well as consolidate their learning.

Have a great break.

Mr. Shaw

Year F/1/2—Mrs Holloway

The last couple of weeks we have introduced student stamp books. The students love getting stamps for a variety of reasons like attentive listening, good work ethics and effort. They have set themselves a goal to get 5 or more stamps in a day.

In reading we have had Mr V join our morning routines and play word games with small groups of students which they have really loved. The students have been working well at their reading tasks and making steady progress. The students have been very proud of their opinion writing and love to share their reasons for their opinion with the class.

In math we have started sequencing the days of the week and months of the year as well as telling the time. Particularly o'clock and half past. Next term we will dive in to multiplication.

Deanne

NEWS FROM THE CLASS

Year 3/4—Ms Hanby

We have had a great few weeks of learning in the 3/4 room! We have certainly been kept busy with the numerous excursions that have been happening the past couple of weeks.

In Reading, students have been consolidating their summarising skills. Students have been listening to texts and identifying the main points.

In Writing, students have been working on their persuasive writing, adding in experts opinions to strengthen their arguments.

In Maths, students have been working on telling the time. This has been quite challenging for a number of students. I highly recommend students practise telling the time over the holidays.

Have a safe and relaxing break!

Shelby

VALUE OF THE WEEK

RESPECT

Politeness: Use polite language and manners when interacting with classmates and teachers.

Students will say "please" and "thank you" when asking for help or receiving assistance.

Listening: Show respect by actively listening when others are speaking.

Students will listen attentively when a classmate is sharing a personal experience during show-and-tell.

Inclusion: Respect the opinions and ideas of others, even if they differ from your own.

Students will respect diverse opinions during a class discussion, acknowledging that everyone's ideas are valued.

Cultural Sensitivity: Be aware and respectful of cultural differences within the classroom and the world.

Students will be respectful and show cultural awareness by participating in activities that highlight the traditions of different cultures in the classroom.

Property: Treat others' belongings, as well as school property, with care and respect.

Students will handle classroom materials and equipment with care, returning them to their proper places.
